SUMMARY AND CONCLUSION

Entry and consideration of the present amendment, reconsideration of the outstanding office action rejections and objections, and allowance of the present application and all of the claims therein are respectfully requested and now believed to be appropriate.

Any amendment to the claims that have been made in this amendment, which do not narrow the scope of the claims, and which have not been specifically noted to overcome a rejection based upon the prior art, should be considered cosmetic in nature, and to have made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

In view of the above amendments and remarks, it is respectfully submitted that the claims are now in condition for allowance. The Examiner is invited to contact the undersigned at 703-418-2777 if he feels that further discussion may facilitate the resolution of any outstanding issues.

An early indication of a Notice of Allowance is earnestly solicited.

Respectfully submitted,
